Third Transnational Meeting in Cyprus!

Emphasys Centre hosted the third meeting of the project on the 3rd and 4th of November 2022. During the two-day meeting, partners focused on the pilot testing of the workshops for seniors and navigated through both platforms, the one for seniors and the one for adult educators. Partners also had the opportunity to discover the Cypriot culture by visiting the Leventios Gallery and the Cyprus Handicraft Service.

Seniortube, the tool to express your talent!

Seniortube is a space for seniors who want to share with others what they do in the field of arts & culture (for example local handicraft techniques, traditional music, regional cuisine etc.) and possibly establish new relationships with seniors from other countries. Partners are now working in the development of the first videos with the help of seniors in order to make it an interactive and useful source for seniors and their trainers.
