

## European Tradition “Marchas Populares” – TIPS for TEACHERS RUTIS

- ✓ We suggest that the trainer looks at the videos on slide 16 beforehand and decides whether it makes sense to show all the videos, if only some, in full or not...
- ✓ You can use, as a dynamic way of consolidating learning, an interactive game such as Slido ([slido.com](https://www.slido.com)). This activity may take about 15 minutes to complete. We suggest that it is done before the proposed practical activity (slide 16).
- ✓ It is also important to remember that this workshop should be adapted to the interests of the students. It can explore the various facets of popular marches or focus especially on one: dance, choreography, costumes, music, among others.
